Bullying Prevention and Intervention Plan

Promoting Healthy Relationships Within Positive School Climates
Blair Ridge P.S.

OUR SCHOOL COMMITMENT

We are committed to establishing and supporting learning and working environments that are safe, welcoming, respectful, equitable, accessible, inclusive and free from discrimination, oppression and harm. Indigenous inherent rights, human rights and equity are at the center of our work. This fundamental commitment to human rights begins with meaningful investment in a Positive School Climate.

A Positive School Climate:

- Ensures that everyone is treated with dignity and respect;
- Expects, welcomes and includes everyone;
- Values, affirms and supports the expression of diverse identities;
- Promotes, protects and upholds Indigenous inherent rights and human rights – including students' right to education without discrimination and employees' right to employment without discrimination;
- Centres the rights of the child/student in ways that are not discriminatory and that do not cause or perpetuate harm;
- Prioritizes relationships, well-being and equity through a Whole School Approach.

While we work proactively to promote positive and respectful interactions, we will also address any behaviour or interaction that is likely to have a negative impact on the school climate, including bullying, discrimination and other forms of harmful interaction. In planning our responses, we will

consider and provide support for all impacted staff and students, including those who were harmed, those who witnessed the harm, and those who caused harm.

We will promote a Positive School Climate in both proactive and responsive ways

MINISTRY STATEMENTS

“A positive school climate exists when all members of the school community feel safe, included, and accepted, and actively promote positive behaviours and interactions. Principles of equity and inclusive education are embedded in the learning environment to support a positive school climate and a culture of mutual respect. A positive school climate is a crucial component of bullying prevention.”

Taken from Ministry of Education of Ontario, PPM 145

“Bullying will not be accepted on school property, at school-related activities, on school buses, or in any other circumstances (e.g., online) where engaging in bullying will have a negative impact on the school climate.”

Taken from Ministry of Education of Ontario, PPM 144

HEALTHY RELATIONSHIPS

Healthy Relationships are grounded in treating one another with dignity and respect.

Healthy Relationships provide:

- A sense of security and stability
- Basic needs
- A sense of being valued and belonging
- Support and guidance to learn essential skills and understanding
- Protection from excessive stress

All adults who are responsible for children play an important role in teaching them about healthy relationships and bullying. Teachers, parents/guardians, and other adults involved in children’s lives:

- Model relationship skills and attitudes
- Create positive situations in which children and youth interact.

Children will only learn positive relationship skills and attitudes if they observe and interact with adults who model positive relationships when interacting with children and adults.

Bullying: Aggressive and typically repeated behaviour by a pupil where...

 - ii. creating a negative environment at a school for another individual, and
- (b) the behaviour occurs in a context where there is a real or perceived power imbalance between the pupil and the individual based on factors such as ancestry, size, strength, age, intelligence, peer group power (e.g., popularity), economic status, social status, religion, ethnic origin, sexual orientation, family circumstances, gender, gender identity, gender expression, race, disability or the receipt of special education

For the purposes of the definition of “bullying”, behaviour includes the use of any physical, verbal, electronic, written or other means.

Conflict: A normal type of interaction that everyone should learn to navigate and resolve effectively. Conflict may be distinguished from other harmful interactions in that...

- (b) all parties are typically invested in resolving the conflict (or at least ending it)
- (c) conflict most often occurs among people who share an existing relationship: classmates, siblings, friends, partners, colleagues, etc.
- (d) tensions underlying the conflict are not related to identity (e.g., ancestry, race, ethnicity, gender, sexual orientation, religion) and may be amplified by stressors for one or both parties in conflict

The safe school community will make sure that we create a positive school climate that supports a safe learning and teaching environment in which every student can reach his/her academic potential.

Outcome:

Bullying will not be tolerated on school property, at school-related activities, on school buses, or in any other circumstances such as, on line where engaging in bullying will have a negative impact on the school climate.

BRPS Proactive Approaches

What We are Doing in Our Classrooms and in Our School - Strategies that Promote a Positive School Climate

Our school is implementing a variety of strategies to support student well-being, affirm and promote diverse identities, and create a welcoming environment. These strategies involve students, staff, parents and community members as part of a whole school approach. Below are highlights of our strategies:

Goal Setting Presentations and Implementations For Students

Students are learning to be motivated to set goals, set specific goals (long term and short term), and actionize the steps to work towards those goals. In addition, students will be tracking their habits that link to their actions.

Own It! Fix It! Move On!

This initiative is school wide and is teaching our students to be okay with saying “I did this…” and then knowing they can problem solve alongside an adult or a fellow student to fix it and then know after fixing it they have learned and can move on.

This initiative is in line with our Progressive Discipline Model, by educating first in order to help teach and grow our students here at Blair Ridge. We will also be teaching our families through our Bobcat Bulletin and SCC meetings.

Other Proactive Approaches

- Open communications between Administration, Staff, Students, and Parents/Guardians
- Model equitable and inclusive practices
- Community Circles in the classroom
- Use of Bias-free Progressive Discipline
- Self-regulation pathways inside and outside of the school

How Student Voice is Present in Our School

Engaging students to help shape the learning environment is an important component of a whole school approach in promoting a positive school climate – a climate in which *each and every* student feels that they matter. The following examples are highlights of student voice in action at our school:

- Student voice and choice in classroom assignments
- Student leadership where opportunities present (COVID)

How we create the conditions whereby students feel safe to report bullying and other harmful interactions at our school.

Creating the conditions within which students may feel safe to report begins with investment in relationship and the promotion of a Positive School Climate. Additionally, procedures may be put in place that facilitate students and parent/caregiver reporting as well as procedures that outline the requirements for staff to report such instances in accordance with legislation.

Student Reporting:

- Reporting bullying or other harmful interactions to a trusted adult (e.g., parent/caregiver, teacher, administrator, support staff, police liaison officer).
- Using the “Report Bullying Now” button on the school/board website provides students a more discreet means of reporting bullying behaviours.

Staff Reporting:

- “The Education Act states that an employee of the board who becomes aware that a student at the school of the board may have engaged in a serious student incident shall report the matter to the principal as soon as reasonably possible” (PPM 144)
- When appropriate, staff complete and submit the “Safe Schools Incident Reporting Form – Part I” to the principal. The principal provides written acknowledgement to the employee using the “Safe Schools Incident Reporting Form – Part II” (PPM 144)

Parent/Community Reporting:

- Reporting bullying and other harmful interactions to the classroom teacher, support staff and/or administration
- Using the “Report Bullying Now” button on the school website

Strategies that help students to feel safe to report (e.g., relationship-building strategies, reporting mechanisms, awareness-building)

- Ensuring the safety of all involved
- Responding to any student behaviour that is likely to have a negative impact on the school climate
- Conducting a school-based investigation (consulting the Police/Board Protocol, when necessary) considering mitigating and other factors
- Contacting the parents of the person(s) who has been harmed and the parents of the person(s) who has caused harm, in accordance with legislation
- Collaborating with community partners, when appropriate
- Developing an action plan that is responsive and supportive
- Engaging in Restorative Practice conferencing, when appropriate
- Implementing a Safe Schools Student Safety Plan, when necessary

- Own It! Fix It! Move On! This is a big part of reporting. When they know how they can own their part, they can feel confident that other people are owning it as well. We need to work together to create a safe, welcoming and honest environment where students feel safe to make mistakes, and to report incidents when they need to be reported.

This initiative is school wide and is teaching our students to be okay with saying “I did this…” and then knowing they can problem solve alongside an adult to fix it and then know after fixing it they have learned and can move on.

This initiative is in line with our Progressive Discipline Model, by educating first in order to help teach and grow our students here at Blair Ridge. We will also be teaching our families through our Bobcat Bulletin and SCC meetings.

Implementing/reviewing a Special Education Behaviour Safety Plan, when appropriate
